Introdução

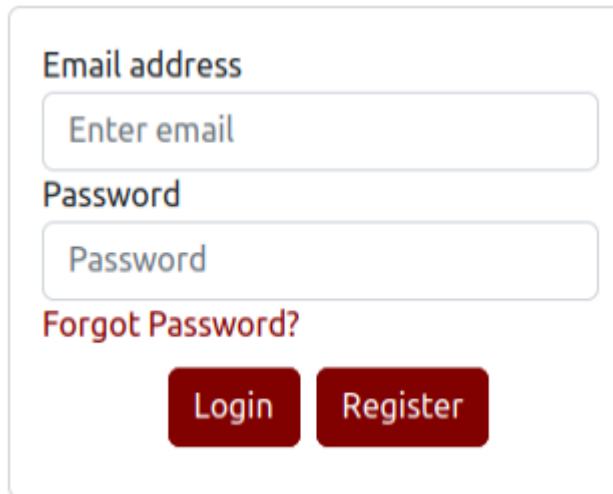

O objetivo deste projeto é a criação de uma aplicação *web* que consiste numa plataforma de leilões *online*, recorrendo ao uso de diversas tecnologias *web* e *frameworks*.

A aplicação foi desenhada de forma que seja compatível com *browsers* de diferentes tipos de dispositivos.

Funcionalidades

Authentication & Authorisation

A login form UI mockup with a light gray border. It contains the following elements from top to bottom: a label 'Email address' in bold, a text input field with the placeholder 'Enter email', a label 'Password' in bold, a text input field with the placeholder 'Password', a link 'Forgot Password?' in red text, and two dark red buttons labeled 'Login' and 'Register' in white text.

Conclusão

Embora todas as funcionalidades propostas não tenham sido concluídas, a elaboração deste projeto ajudou a aprofundar conhecimentos sobre desenvolvimento de aplicações *web* e das diversas *frameworks* usadas.
